

TL JONES

Who is TL Jones?

TL Jones Ltd is a Halma (UK) owned group of companies that has served the elevator industry for over 70 years. They're a world-leading manufacturer and supplier of safety and accessory equipment to elevator companies around the world – and they've got headquarters in Christchurch!

What does TL Jones do?

TL Jones produces advanced elevator passenger safety and information solutions. Their core product is the world-leading MICROSCAN® brand infrared door protection systems for elevators and escalators. TL Jones is a supplier of world leading in elevator display and elevator communications technologies, sourced through other Halma groupcos.

With all research and development located in Christchurch, TL Jones has production facilities in Christchurch and China, and multiple sales offices located in New Zealand, China, India, Dubai, New York, London and Singapore.
